# Youngsville Club Cheer

Team Commitments, Guidelines and Policies

---

## Welcome!

We are so glad that you are interested in the Youngsville Club Cheer experience! No matter what your cheer level may be, we have a place in our program for you.

We are proud to offer the most dedicated, educated and passionate coaching staff in a 9,500 square foot facility! We strive to provide quality, safe instruction in a clean and welcoming environment. We are not your typical cheerleading gym, meaning, we offer more than your usual cheerleading facility and do everything it takes to work harder, be better and provide a more rewarding overall experience in every way we can!

## Program Tier Comparisons

**Performance Team:** participants attend once a week team practices, purchase the practice wear and performance uniform package and attend all events scheduled for them..

Performance team practices and performs a cheer and dance in their routine which includes a band chant, sideline chant, and cheer. They may perform basic stunting, jumps and some tumbling as long as attendance at practice allows for these skill incorporations.. We try to schedule 5 appearances before the end of their season in March, depending on availability and location.

**Competition Teams:** participants are selected through an evaluation process and must meet the age and skill level requirements. They must purchase the practice wear and competition uniform package, attend twice a week practices and compete with the team at 5-6 events throughout the competition season. The Competition team has a choreographed traditional, UCA style, cheer routine that includes stunting, tumbling, crowd leading and dance.

## Financial Commitments

This chart gives a list of monthly payments for a session or competition season per team. Your first monthly payment is due on the 1st of each month (or the first day of practice, whichever comes first). We must receive these payments before you can receive any goods or services.

# Competition Team Practices

Over the summer, the competition teams will practice twice a week on Tuesday & Thursdays for 1-2 hours depending on the age group. Members of the competition teams are expected to take a monthly tumbling class at a 20% discount.

*All additional monthly classes at Next Level are discounted 20% for competition team members and their family members. Performance team members will receive a 20% discount for themselves.*

Members are expected to maintain the skill level they made the team with and work to become stronger throughout the season. Attendance over the summer is mandatory but family vacations may be excused. Once school starts back, competition team practices will be 100% mandatory. School cheerleaders need to communicate mandatory school cheerleading events in advance so we may work around those.

If an athlete is injured, they're expected to attend practice to watch. Only graded school events, death of a family member and contagious illnesses will be excused absences. It is in the best interest of the team for everyone to be at the same level of commitment and dedication. Attitude drives effort and the language, behavior and actions are expected to be in line with those of a champion mindset.

The 10 things that take zero talent are the expectations of the entire program:

1. Being at practice early
2. Work ethic
3. Effort
4. Body Language
5. Energy
6. Attitude
7. Passion
8. Being coachable
9. Doing extra
10. Being prepared

These things will have more impact on the overall success of the team more than any skill will ever contribute.

We allow for late joining athletes, but catching up on payments is a priority. We will collect one month later for cheer fees (ending in February instead of January). And we will collect uniform fees at the beginning and end of May instead of one payment in April and one in May. Anyone joining after April will be required to catch up on all payments.
