

Welcome!

We are so glad that you are interested in the Youngsville Club Cheer experience! No matter what your cheer level may be, we have a place in our program for you. We are proud to offer the most dedicated, educated and passionate coaching staff in a 9,500 square foot facility! We strive to provide quality, safe instruction in a clean and welcoming environment. We are not your typical cheerleading gym, meaning, we offer more than your usual cheerleading facility and do everything it takes to work harder, be better and provide a more rewarding overall experience in every way we can!

We will have an interest meeting and open gym March 23, 2023 6:00 pm until 7:00 pm. Tryouts this year will be held March 28, 2023, from 6:00--7:30 pm and participants will learn a cheer, dance (10+) and show off any jumps or tumbling skills they may have. Participants must register and pay the tryout fee of \$45. We ask that participants wear a plain white or black t-shirt or tank and a pair of navy or black shorts or skort. No baggy clothing please. Hair should be pulled back, off the face and secured neatly. Any tennis shoes are fine. Anyone unable to attend can schedule a private evaluation.

Program Tier Comparisons

Performance Team: participants attend once a week team practices, purchase the practice wear and performance uniform package and attend all events scheduled for them..

Performance team practices and performs a cheer and dance in their routine which includes a band chant, sideline chant, and cheer. They may perform basic stunting, jumps and some tumbling as long as attendance at practice allows for these skill incorporations.. We try to schedule 5 appearances before the end of their season in March, depending on availability and location. Participants can elect to join this team in August each year or they may be placed on this team if they are evaluated for competitive teams and are not quite ready for the level required.

Competition Teams: participants are selected through an evaluation process and must meet the age and skill requirements. They must purchase the practice wear and competition uniform package, attend twice a week practices and compete with the team at 5-6 events throughout the competition season. The Competition team has a choreographed traditional, UCA style, cheer routine that includes stunting, tumbling, crowd leading and dance.
